SUBJECT:

University of Memphis

Letter of Notification: Doctor of Liberal Studies (DLS)

DATE:

July 14, 2017

In accordance with THEC policies, colleges and universities are required to submit Letters of Notification for authorization to proceed with developing proposals for new academic programs. The THEC Financial Projection Form for the proposed program must accompany the letter of notification to plan. Upon THEC approval to proceed with developing proposals, institutions should do so in a manner consistent with THEC policies and criteria.

Proposed programs must document relevance to institution's mission, provide enrollment, graduation and financial projections, document employer and student demand, describe the anticipated evaluation process, and certify that the proposed program will not unnecessarily duplicate existing offerings at other Tennessee public institutions. The proposal must ensure faculty sufficiency, existence of student support resources, and adequacy of library, space, equipment, and technology.

I approve the University of Memphis' Letter of Notification (LON) to plan the Doctor of Liberal Studies program. As the institution develops the New Academic Program Proposal (NAPP), all concerns identified in the LON evaluation must be addressed in a separate document and/or clearly referenced in the NAPP. It is understood that the proposed program will be in accordance with the institutional mission and will meet *Tennessee Public Agenda for Higher Education 2015-2025* degree completion and workforce development objectives.

The LON projects implementation of an approved Doctor of Liberal Studies program in Spring 2018. Please be advised that the approval and the attached LON evaluation will be posted on the THEC website for public disclosure.
